

دکتر رضا اسلامی

دانشیار

دانشکده: مهندسی برق

سوابق تحصیلی

دانشگاه	رشته و گرایش تحصیلی	سال اخذ مدرک	مقطع تحصیلی
صنعتی امیرکبیر	مهندسی برق قدرت	۱۳۸۹	کارشناسی
صنعتی امیرکبیر	مهندسی برق قدرت	۱۳۹۱	کارشناسی ارشد
صنعتی امیرکبیر	مهندسی برق قدرت	۱۳۹۶	دکترای تخصصی

اطلاعات استخدامی

پایه	نوع همکاری	نوع استخدام	عنوان سمت	محل خدمت
۱۰	تمام وقت	رسمی قطعی	عضو هیئت علمی	دانشگاه صنعتی سهند

مقالات در همایش ها

۱. A. Hosseini, R. Eslami.Presenting a scheme for ownership of energy storage between multiple subscribers in a smart grid.۹th International Conference on Technology and Energy Management.۲۰۲۴
۲. A. Babazadeh, R. Eslami.Optimal planning of PHEV taxi charging by considering variable prices with the time.۷th conference on electricity, mechanics, aerospace, computer and engineering sciences.۲۰۲۳
۳. A. Hosseini, R. Eslami.Transmission network fault location using the pilot impedance.۲۸th International Electrical Power Distribution Conference.۲۰۲۳
۴. M. Ghahramani, R. Eslami.Optimal planning of electric vehicles parking in the smart energy microgrid.The ۹th Iranian Conference on Renewable Energy & Distributed Generation.۲۰۲۲
۵. R. Eslami.Effective communication-based overcurrent protection for distribution networks equipped with distributed generation resources.The ۱۶th International conference on Protection and Automation of Power System (IPAPS ۲۰۲۲).۲۰۲۲
۶. H. Roueen, R. Eslami.Locating and determining the optimal capacity of CHPs in the distribution network and examining its positive economic effects.۶th National Conferences Application of Novel Technologies in Engineering Sciences.۲۰۲۱

- S. Derakhshani Pour, R. Eslami, M. Marzband, S. Shoja.Nonlinear Robust Voltage Regulation .۷ and Balanced Demand Response of an Islanded DC Microgrid.۸th Smart Grid Conference .(SGC).۲۰۲۱
- R. Eslami.Using energy storage systems with the aim of minimizing the operation cost of .۹ smart networks.۸th National Conferences Application of Novel Technologies in Engineering .Sciences.۲۰۲۱
- R. Eslami.Designing a smart LED street lighting system for a smart city with a web-based .۹ management system.۸th National Conferences Application of Novel Technologies in Engineering .Sciences.۲۰۲۱
- R. Eslami, S.A. Hosseini.Determining the appropriate time to repair and maintenance of .۱۰ various types of static and digital relays in the network.The ۱۴th International conference on .Protection and Automation of Power System (IPAPS ۲۰۲۰).۲۰۲۰
- R. Eslami.Economic Determination of Electric Vehicle Charging Transformers.International .۱۱ Conference on Renewable Energies and Distributed Generation of Iran.۲۰۱۹
- R. Eslami, S.A. Hosseini, A. A. Amir Jalili.Evaluation and verification of a new method for fault .۱۲ detection in microgrids considering the uncertainties of their topology.The ۱۳th International .conference on Protection and Automation of Power System (IPAPS ۲۰۱۹).۲۰۱۹
- R. Eslami.Time Series Clustering to Share Different Consumption Patterns From Feeder .۱۳ Load.International Conference on Renewable Energies and Distributed Generation of Iran.۲۰۱۹
- S.A. Hosseini, R. Eslami, H. Askarian.Presenting a new method in order to coordinate the .۱۴ protection of microgrids by considering the structural and functional uncertainties.The ۱۴th .International conference on Protection and Automation of Power System (IPAPS ۲۰۱۹).۲۰۱۹
- S.A. Hosseini, R. Eslami, M. Karami.Determining the optimal performance mode of distributed .۱۵ generations to improve the ECOST index by considering the hourly load curve.۸th conference of .smart electrical networks.۲۰۱۸
- R. Eslami, S.A. Hosseini, M. H. Soveyzi.The performance of distance relays against the .۱۶ effects of placing parallel FACTS devices in the network.۸th National Conference in Engineering .and Technology of Flying robots.۲۰۱۸
- R. Eslami, H. Askarian, E. Azad, K. Mazlumi.Using an improved method in reconfiguration of .۱۷ smart grids considering the stochastic model for loads.۸th conference of smart electrical .networks.۲۰۱۲
