

Farzad Nasirpouri

Professor

College: Faculty of Material Engineering

Education and Qualifications

2006

PhD, Materials Science and Engineering-Corrosion,
Sharif University of Technology, Iran.

Professor Mohammad Ghorbani (Materials), Professor Azam Irajizad (Physics)

2005

Visiting PhD Scholar, H.H. Wills Physics Laboratory, University of Bristol, UK (Prof. Walther Schwarzacher)

2004

Visiting PhD Scholar (British Council) Department of Physics, University of Bath, UK (Prof. Alain Nogaret)

PhD thesis: Electrodeposition of magnetic multilayered nanowires and magnetic-magneto transport studies on nanomagnetic systems

2000

MSc, Materials Science and Engineering-Corrosion & Protection, Sharif University of Technology, Iran.

MSc thesis: Electrodeposition of silver coatings and their atmospheric corrosion behaviour for electrical device applications. Professor A. Afshar

1998

BSc in Materials Engineering, Sahand University of Technology, Iran. (First class honours)

Employment

2008 -present

Full/Assoc./Ass. Professor, Faculty of Materials Engineering, Sahand University of Technology, Iran

2019

Visiting Professor, Department of Physics, Simon Fraser University, Vancouver, Canada.

2017-18

Visiting Professor, Materials Research Department (Materialforschung), GSI Helmholtz Centre for Heavy Ion Research, Darmstadt, Germany.

2007–8

Post-doctoral Researcher, Depts. Physics/Chemistry, University of Bath, UK.
